How to use this template

- Black line: bleed. Backgrounds and photos must reach this line.
- Red line: trim. The finished edge is cut here.
- Blue line: safe area. Keep text and logos inside this line.

Single sided flags show through reversed on the back. Double sided flags get the same file on both sides unless you send two.
Fill the whole rectangle with your background color so the cut edge has no white.
Build your file at full size: 32 x 70 in, no extra bleed needed, fill the whole rectangle with your background.
Delete every guide layer before you upload. Export a PDF at full size, 100 dpi or more, CMYK or RGB. bannerology.com

Bannerology template: Teardrop flag 7 ft (32 x 70 in)

Page drawn at full size; the black box is 32 x 70 in at full size.
